Background Check

3 Reasons for adding SS# and Changing Providers

4.1.2021

1. Changing providers became necessary

- BackGroundChecks.com (BGC.com) recently notified WYS that they are ceasing their resell operations

New Provider: JD Palatine <https://www.jdp.com/>

By implementing social security background checks WYS will receive factual, accurate and relevant data on applicants with misdemeanors or felonies.

- This is not a credit check
- JDP uses 128-bit SSL encryption to protect PII and has an SOC 2 attestation report
- Sports Connect and/or Affinity purges applicants SS# following submission
- WYS will no longer require applicants to share for their SS# with the WYS Risk Manager via email or phone
- The WYS Risk Manager nor an of the Assoc or Club will have any access to the applicants SS#

The following 3 pages provide JDP Product descriptions that they will be providing to WYS

JDP GENERAL PRODUCT DESCRIPTIONS

SSN ID Search

- o Securing the social security number of the applicant allows JDP to ensure your coach is who they say they are
 - JDP verifies the SSN provided is a match to your applicant
 - For example, an individual is able to change their name, but not able to alter their SSN
 - If an offender moves states and changes their name, without using that SSN to generate aliases and previous names, that individual's offenses may not populate on a check performed without an SSN verification
- o In addition to verifying identity, JDP will develop any aliases and previous names for an individual
 - Any aliases developed from the SSN ID Search will be processed through JDP's National Criminal Database as well as through the National Sex Offender Registry

This is **NOT** a credit check but does pulls from public credit information

Product Category (All Quantities are 1 unless noted)	Description
ID Searches	
SSN ID Search	<p>Pulls information from a credit bureau based on an applicant's Social Security Number (SSN). This is used by JDP to develop the following to supplement the information provided by the applicant for a more complete search.</p> <ul style="list-style-type: none"> • Address History (to be used by JDP for jurisdiction development) • Full name and / or alternate names associated with information provided • SSN Validation State & Date of Issuance • Dates at listed addresses <p>This information is used internally to help provide the most robust criminal search and due to PII restrictions, protection for the applicant and client along with irrelevance of information on a hiring decision, this information is not provided on the actual report.</p>

JDP GENERAL PRODUCT DESCRIPTIONS

JDP National Criminal Search

- o JDP has its own proprietary national criminal database which includes nearly 800 million records from thousands of sources across the country
 - As we own the technology used to acquire information from these sources, JDP is constantly enhancing and updating to add new data sources as well as refine the processes to gather data from existing source
- o In addition to the thousands of source across the country, our National Criminal Database search also review such sources as the Office of Foreign Asset Control (OFAC), the Office of Inspector General (OIG), and dozen of watch lists including the FBI Most Wanted List(s)
